A REPORT

OF THE

RECORD COMMISSIONERS.

The Twentieth Report of the Record Commissioners is a continuation, from the Nineteenth Report, of the Proceedings of the Boston Selectmen, covering the years 1764–1768. At the beginning of this period, much work to the selectmen was caused by the prevalence of small-pox. Up to July 1, 1764, it seems that 644 white persons were attacked and 102 died; 55 blacks were sick and 22 died. Inoculation was largely resorted to, and of 4,690 whites so treated 43 died; and of 287 blacks 3 died. The pestilence was, of course, a severe blow to the prosperity of the town.

Of minor topics, the schools and the fire department furnish some very interesting items. In the cause of morality, gaming was carefully prohibited; and in 1764 a luckless showman who exhibited the city of Jerusalem in wood-work, whereby he drew considerable sums from the inhabitants, was promptly suppressed, "as upon enquiry the Representation is not esteemed by Judges to be the work of Art and ingenuity, but rather an imposition on the public."

It seems appropriate to mention here, that during the present month the Bostonian Society has received, by the kindness of the Earl of Carlisle and the good offices of Hon. Edward L. Pierce, three water-color views of Boston as the town appeared at the date covered by this volume. The paintings were made by Capt. Richard Byron, R.N., in 1764,

and by him sent to his sister, Isabella, wife of Henry, the fourth Earl of Carlisle. These pictures are respectively, views, from Fort Hill looking towards Long wharf; from the foot of Beacon street looking south over the Common to Dorchester: and from a point near Pinckney street on the hill, looking north towards Charlestown.

Such a recovery of the appearance of Boston prior to the Revolution is an event of the greatest interest to every local antiquary.

[127.] It having been Reported to the Selectmen that the Small Pox had broke out at M^r. Adam's House in Fish Street opposite D^r. Mountforths Shop, two of the Selectmen viz^t. Mess^{rs}. Austin and Scollay were appointed to visit said House and enquire into this Matter; who having performed that service Reported, that M^{rs}. Adams had the Small Pox as was Represented, and having endeavoured but in vain to persuade her to consent to her being removed to the Hospital at New Boston they had ordered M^r. Adams to shut up his House immediately, and to send away from thence those of his Family who were liable to take the Dis-temper — they also Reported that M^{rs}. Adams had declared, that she had not been out of her Chamber for five Weeks past, neither had she been seen by more than two Persons except those of the Family during her confinement and could make no conjecture how she had taken the Infection.

Mess. Scollay and Austin a Committee appointed the 11^t. Instant relative to the Towns Quit Rent for Lands near the Fortification Report — That they had been on the Spot, and had seen M^r. Pierpoint, and do find that he pays Forty Shillings p. annum for the Towns Land between M^r. Davis's Shop, and the Pickets at the Fortification — that the Land at the West side of the Street, improved in part by M^r. Richards and M^{rs}. Blake, and part as yet unimproved, is of near the same Dimensions with the Land to the Eastward of the Street improved by M^r. Pierpoint; that M^r. Richards [128.] Pays for the Land he improves but two Shillings and eight Pence p. Annum; that M^{rs}. Blake has not as yet paid anything — that it is the mind of the Committee, the Quit Rent for the Land at the West of the Street ought to be as much as is that to the Eastward, and that they had desired M^r. Richards to wait on the Selectmen on Wednesday next in order to have this affair settled.

The Selectmen being informed that Dr. John Perkins had

visited the Person now sick with the Small Pox, desired his attendance, and when present they made him the offer of attending the Sick as her Physician, which he thought proper to decline.

The following Orders was given M^r. Ichabod Williston relative to the House where the Small Pox has broke out.

Boston, January 13. 1764

M^r. Ichabod Williston

The Small Pox being at M^r. Adams's House in Fish Street near D^r. Mountforths Shop Our Orders to you are —

That you keep Watch at said House where we have directed a Flag to be put out; you are to suffer no Person to go in or out of the same except the Doctor what Necessaries are wanted for the Family must be got to them as well as you can — you must not leave the Watch [129.] Untill 11 O'Clock at Night nor fail attending again by Day-break — We expect you behave with great care and faithfulness as the safety of the Inhabitants will much depend upon it, and upon your so doing, we shall make you a proper allowance for your services.

Thomas Anderson came to the Selectmens Chamber & informed them, that it was supposed his Child, about Seven Years of Age, had the Small Pox out upon her, that he dwelt in a House near the Old North Church, lately occupied by Joseph Gardner Esq. — whereupon the Selectmen used many Arguments with the said Anderson to procure his consent for the removal of his Child to the Hospital, at New Boston, but in vain. Orders were therefore given him to shut up his House, and put out a Flag as a signal of Infection;

Carpenters were also sent to shut and barr up the Passage Ways to said House as was done to those leading to & from M^{rs}. Dommetts in Fish Street.

David Lenox Jun^r. Appointed a Watch at M^{rs}. Dommetts House and Orders given him accordingly.

The Town Clerk was directed to write M^r. Justice Ruddock desiring him to grant a Permit to M^r. M^r. Warren living in Fish Street came to the Selectmens Chamber, and acquainted them with his Wifes having the Small Pox — that as she had been confined to her Chamber for about two months past, he could not conjecture how she had taken the Infection, unless it was the Night M^r. Bulklys Corpse was carried by the house for Burial, when she was persuaded that she had the Smell of the Small Pox —

The Selectmen not being able to persuade M^{rs}. Warren to consent to her being removed to the Hospital at New Boston — Ordered the House to be shut up, and a Flag to be put out as a signal of Infection — Carpenters were also sent to Bar and Fence up the Passages to and from said House.

Information was given the Selectmen by D^r. Pecker that M^r. Labree in a House near the Rev^d. m^r. Elliots Church was taken down with the Small Pox — whereupon two of the Selectmen viz^t. Mess^{rs}. Scollay & Austin, went to the House and endeavoured to persuade him to be removed to the Hospital but in vain, his not consenting thereto owing chiefly to the advice of the Neighbours, whose Clamers were great when the [134.] Sedan was brought to receive him.

The Selectmen Appointed D^r. Myles Whetworth to take the Charge of the Province Hospital New Boston, as Physician to the Sick that may be sent there from time to time; and also agreed with him to provide and furnish the Patients with what Provisions and Medecines may be necessary, and that he does not suffer the Sick to want anything for their Comfort while under his care.

Boston, Jan^y. 19, 1764. 10 Clock A.M.

The Public are hereby Notified that the Small Pox is now in fourteen Houses in this Town all of which are situated in Fish Street near where the first Person who had the Distemper dwelt, except M^r. Labrees by Rev^d. Andrew Elliots Church, M^r. Halls in Paddys Alley North of Mill Bridge, M^{rs}. Jervis's near the North Battery and M^r. Peases at the [8.] Head of Greys Rope Walk ; at all these Places Flags are put out, and Guards placed to prevent a further spread of the Infection

By Order of the Selectmen

WILLIAM COOPER, Town Clerk.

M^r. Edward Ireland appointed an Out-Guard as a further precaution against the spread of the Small Pox, and the following Orders were given him.

Boston, January 19. 1766. [*sic.*]

M^r. Edward Ireland.

It being of the utmost consequence that Endeavors should be still used to prevent the further spread of the Small Pox. We have appointed you an Out-Guard, and you are to take your Station near D^r. Clark's House, and our directions to you are that you examine every Person passing by you, whether they have had the Small Pox, and if they answer that they have not had it, or you should suspect that they have not, you are then to prevent their proceeding by all proper methods. We depend upon your behaving with great care and faithfulness, in your Watch, and on your so doing we shall make you a proper allowance for your service.

By Order of the Selectmen.

WILLIAM COOPER, Town Clerk.

[9.] M^r. McNear appointed one of the Out-Guards and his Station ordered to be by Deacon Tnders, and the same directions were given him, as was the other Out-Guard.

D^r. Cast informed the Select men that a Child of M^{rs}. Brights living in Fish Street was taken down with the Small Pox. As they would not consent to its being removed, Orders were given, that the House be shut up &c. And a Watch was appointed for said House the Watchmans name, Thomas Demerry.

The Select men being apprehensive that some of the inhabitants might go upon the practice of Inoculating their Familys, if the Infected House should come up to the number of twenty ; it was thought proper to send the following Letter to M^r. Thom^s Cushing

one of our Representatives, who is now at Cambridge where the General Court now sets on acco^t of the Small Pox, being in Boston.
Boston January 19, 1764.

M^r Thomas Cushing

Sir,

We find the Law which obliges the Inhabitants to inform the Selectmen when the Small Pox breaks out in their Familys, is of no force so soon as twenty Familys are infected with it; Now as this Distemper is but in few Houses except [10.] the Neighbourhood in Fish Street, we apprehend that there should be Twenty Familys Infected yet it might be at least check'd for some length of Time should our care be continued, otherwise Persons will immediately go into Inoculation and spread it all over the Town as soon as that Circumstance takes place. We therefore refer it to you and the rest of the Boston Seat whether it may not be expedient to have something done by the General Court respecting this matter immediately. This comes to you by an Express who will bring us an answer. We are

I have communicated your Letter [11.] to the Boston Members and they think it not adviseable to make any new Provisions relative to the Small Pox, unless the mind of the Town was known on this Head, we earnestly desire your best care to prevent the Infections spreading

Your Humble Servant

THOMAS CUSHING

To The Select men of Boston.

M^r. Petit living in Fish Street informed the Selectmen that his Child was taken with the Small Pox, As he could not be persuaded to consent to a removal — He was directed to shut up his House and put out a Flag as a signal of Infection.

M^r. Philip Carrel appointed a Guard for the above House, and Orders were given him in the common form.

The Town Clerk was directed to give M^r. David Osborne one of the Guard, an Order upon M^r. Alexander Boyes for four feet of Wood.

M^{rs}. Priscilla Fowle was sent by the Selectmen to M^r. Jervis's

House, as a Nurse for M^r. Gardner who has the Small Pox there, and is in want of proper help.

It having been Reported to the Selectmen that M^r. Chase living in Frog Lane has the Small Pox, and that it was suspected he had received the same by Inoculation [12.] D^r. Whitworth was immediately sent for & directed to see said Person and examine into the Ground of this Report.

D^r. Whitworth attended, and acquainted the Selectmen that agreeable to their Directions he had seen M^r. Chase and can assure them that there is nothing in the Report of his having the Small Pox or being Inoculated.

D^r. Cast informed the Select men that M^r. Green in Black Horse Lane has a Servant Boy sick of the Small Pox; as he could not be perswaded to consent to his being removed, the Shop was ordered to be shut—a Flag to be put out as a signal of Infection—and M^r. Michael Ryan was appointed a Guard for said House and Orders given him accordingly.

M^r. Whitcomb the Watch at M^{rs}. Trefoys House having behaved in a noisy turbulent manner—M^r. Williston was directed to acquaint him, that the Selectmen had dismissed him from that service.

The following was wrote M^r. Cushing in reply to his Letter entered on the other side.

Boston January 19th 1764

M^r. Thomas Cushing

Sir

We received yours but still we are of the mind that it is of the utmost importance that something should be done by the Court concerning what we wrote you, its possible by the continuance of our [12¼.] Power although twenty Families should be taken down we may yet stop the progress of the Infection, at least so far as to keep it back for some Time; the advantage of which to the Town has often been mentioned by the most approved Physicians. All we aim at is to have the power only for the present immergency: The situation of the Small Pox now is very different from what it ever was, it being so much in Families that are all in a Cluster, and probably they may all get through without spreading it further, as People are now more cautious themselves than they were at first, We would have you show both the Letters, to the Secretary and consult him upon them, If anything is done you must do it immediately as there is seventeen Families down and People stand ready to Inoculate

The Selectmen having taken into consideration the difficultys the Inhabitants must be under for want of Wood and other Firing if the Small Pox should spread before the Spring advances; ap

pointed Mr. Lewis to visit the several Wharfingers and to desire them not to let more [12½.] Than four or six Feet of Wood be carried to any one Person that no such Families as are now in want may have a present supply.

The Selectmen wrote Mr. Cushing the state of the Town with respect to the Small Pox, and desired him to lay the same before the General Court now sitting at Cambridge.

Mr. Petit attended, and informed the Selectmen, that the Doctors who had just now visited his Child, which was supposed to have the Small Pox, are of Opinion, that it has not got that Distemper, and that its complaints were wholly occasioned by its Teeth; whereupon Orders were given to take down the Flag and dismiss the Guard.

The Select men having prevailed with Mr. Adams to consent that his Child should be removed from his House to the Hospital at New Boston, they at about 12. OClock that Night took Mr. Williston and a number of hands with the Sedan to said House, when they received the Wet Nurse and Child and carried them to said Hospital [13.] Those who remained of the Family were directed to continue Smoking and cleansing the House, Bed Bedding &c. untill the Selectmen are satisfied that they clear of Infection.

Mess^{rs}. Scollay and Austin went to Mr. Greens House to endeavor the removal of his Servant to the Hospital, provided it was the Opinion of the Physicians that it might be done without endangering his Life. Dr. Whitworth and Cast were the Gentlemen consulted, the latter was of the mind that a removal must endanger Life, the former declared that if it was a Child of his own he would remove it, and that the safety of the Town required its being done — Those Gentlemen then waited upon his Honor the Lientenant Governor who in the Morning had offered Mr. Austin to issue a Warrant for the removal of the aforesaid Person, and acquainted him with the Opinion of the Doctors, and that the Lad himself as well as his friends were quite averse to his being removed — They then desired his Honors Opinion upon the Case, but he seemd diffident as to the power of the Selectmen to remove him under such Circumstances — His Honors Opinion was likewise desired as to the Power of the Selectmen to Impress any House that may be occupied, or to remove Persons who had not had the Small Pox, out of their own [14.] Houses to others without their consent, when they should apprehend, that the safety of the Town required it. But his Honor declined giving a sudden answer on this head.

Mess. Ryan & Carrol were appointed a Watch for Mr. Greens House, and the Town Clerk was directed to give them Orders in writing as usual.

Information having been given the Selectmen that M^r. Gardner near the North Battery died this Morning of the Small Pox — the following Orders were given M^r. Williston relative to his buryal.

The Selectmen having considered of the above acquainted M^r. One Thousand seven Hundred & sixty-four.

The Memorial of the Selectmen of the Town of Boston in the County of Suffolk—

Humbly Sheweth

That God in his holy Providence is threatning to visit the said Town with a contagious and mortal Sickness, the Small Pox, which in its progress will be very distressing to the multitude of their Poor and nedy Familys, and the general Calamity will be greatly aggravated to them by their want of means to meet the Distemper in the most salutary way, or to supply themselves with such Necessaries without which they must suffer it any way that it may come upon them. Their Neighbors in better circumstances who must share with them the common distress, cannot afford that relief they were wont to at such Times, having been overdone with heavy Taxes, and many of them straightened by heavy losses. The Town Officers have no Fund to go to for their help, there being no money in the Town Treasury. The Taxes have been such for years past that what with the difficiency for *years past* from Abatements to Persons who have made it appear they were over rated on the Province Town & County Taxes which all [26.] Came out of the Town Tax; and what with the difficulty others have found in raising Money to pay their Assessment the Town is above twelve Months short of paying their necessary charges, whereof a great proportion is the maintenance of their Poor, for a considerable part of which the Town is now obliged pay Interest.

Under these distressing Circumstances give us leave to ask the Compassion of your Excellency and Honors to the Poor of the Town of Boston so far as to grant such a Sum of Mony to be put into the Hands of the Overseers of the Poor of said Town for their Relief as your Excellency and Honors may in your Wisdom Judge meet and your Memorialists shall in duty bound ever pray &c.

On the seventeenth of this Instant one John Gray a Shoemaker in this Town, employ'd as a Guard at M^r. Mon Warren's House was sent for at half after 10 O'Clock at Night to assist in the removal of a Person to the Hospital, while waiting for that purpose he suddenly started up and told the Selectmen that he had seen M^{rs}. Adams who died of the Small that Evening; there was some resentment express'd against this behavior, and he was questioned, what could induce him to [28.] Go into an infected Chamber, he answered that he did it inadvertently upon hearing the Woman was dead, as he was upon an errand to the said Adams for Balm while he was thus interrogated M^r. Williston and others came in and give information to the same purpose from whence it was concluded that he would not have acquainted the Selectmen with his conduct had he not apprehended, it would be done by those Persons who had detected him; He consented to be smoked and cleansed, and the Watch at the Dock were ordered to take him and see it done effectually — he notwithstanding endeavour'd to make his escape but was prevented, he pretended that no Victuals had been given him that Day, and pray'd that he might go home and refresh himself, but was refused.

The next Day information was given by M^r. Thomas Williston that the Nurses at M^{rs}. Adams's particularly M^{rs}. Fennisee acquainted him that the said Gray came up into the Chamber where M^{rs}. Adam Corps lay telling them that the Selectmen had sent him to see M^{rs}. Adams, and going up to the Corps, he rubbed a Paper upon the Arm saying these are the Selectmens Orders, which behavior of his appeared to them very strange and extraordinary — Upon hearing this M^r. Sweetser was sent to enquire of m^r. Mon Warren whether he had sent the said Grey to M^r. Adams for Balm and whether he had refused him Victuals the Day before — To which Questions it was returned that the said Gray was not [29.] Sent for Balm; and that he had Chocolat in the Morning and Roast Beef at Noon given him. The said Gray coming to the Chamber for his pay just after this information was given was again detained, and Complaint made to M^r. Justice Dana as follows — Viz^t.

Boston February 29, 1764

Joseph Williams Esq.

Sir

M^r. Choate who by virtue of your War-rant was about six weeks past brought to this Town, has been in the Almshouse ever since; she was admitted in there not as an inhabitant of this Town, but entirely upon the compassionate list, for it being an extreme cold day when she was sent, her life would have been in danger had [75.] We not have received her — She has been very sick ever since, and not at any time in such a state of health as to have admitted of her removal to Roxbury — she is now something better, but from the apprehension of a general spread of the small pox she is in great terror, and it is thought she

will die very soon unless speedily removed. We are well satisfied upon enquiry, that she is not an Inhabitant of this town, and must consequently be returned to Roxbury. We have not time to take the legal steps towards her removal without greatly endangering her life — We thought fit therefore to give you this information, and doubt not you will immediately receive her especially as affairs are now circumstanced with us — we are

As the Small Pox now prevalent in this Town is a Distemper that has occasioned more frequent Deaths and Funerals, than in the common course of Providence has otherwise happened; The Selectmen Judging it necessary for many Reasons, that such Persons as die of it should immediately after their decease be put into a Tarred Sheet and buried the same Evening between 9 and 10 O'Clock without the usual Solemnities of a Funeral; The Selectmen also apprehending it will serve very good ends that an account of the Deaths in this Town, by said Distemper, should be taken.

Orders are therefore hereby given to the several Sextons and Grave Diggers that they as soon as they hear of any Persons dying of the Small Pox, go to the Houses where the deceased lived, and inform the Relations or those who have the care of them, that the Corps must be directly put into a tarred Sheet, and buried without the usual Solemnities of a Funeral, and the Sextons and Grave Diggers are also hereby Ordered to keep an account of the Persons dying with the Small Pox, either by Inoculation or the other way that they may be ready to give it into the Selectmen when called for

Upon Complaint made of several Persons coming up from Point Shirley quite Green with the Small Pox and very infectious, and at the same time information being given, that the Inhabitants resented this conduct so much, that there was danger of their taking some extraordinary steps to prevent it — the Selectmen Judged it proper to send for D^r. Gardner one of the Physicians that attends the sick at that place; He not being at home, the following Letter was wrote D^r. Barnet then at Point Shirley.

Sir.

We are informed that several [126.] Persons who have been inoculated at Point Shirley have lately come into this Town with the Small Pox green upon them, and that a great number are in a few Days coming from thence; such proceedings will continue the Distemper in this Town, and consequently be very detrimental to it; as there are not many familys in Town down with the said Distemper, and in some parts of it we are entirely clear of the Small Pox; Wherefore we do desire and must insist upon it that the Gentlemen concerned at the Point do take proper care that no Person came thence into Boston untill they

are quite well of the Distemper, thoroughly cleansed, their Cloths properly aired, and their Persons quite free from any infection. Unless a speedy stop be put to the above manner of conduct we fear it will be the occasion of some unhappy event as it is much resented by the Inhabitants of the Town — D^r. Sylvester Gardner not being in Town we thus write to you

Boston June 9, 1764.

Upon enquiry into the state of the Town with regard to the Small Pox, it appears that it is now in only thirty three Familys, which encourages the Selectmen to hope that the Town may be cleared of said Distemper in ten Days or a Fortnight provided

those who moved into the Country to avoid it will forbear coming in, till they may do it with less danger than at present, In the mean Time we would advise all Persons who have had the Infection in their Familys immediately to smoke [133.] Cleanse and air their Houses and all such Things as may retain Infection, that our Friends from the Country may not be exposed when they return to us, Also all Persons who have been Inoculated for the Small Pox at Point Shirley, are warned against coming up to this Town without producing a Certificate from their Doctors, or in their infected Garments, or untill they are thoroughly air'd and cleansed, and entirely clear from Infection as they would avoid the resentment of the Town which runs too high to be long restrained—As to the Physicians of the Town the Gentlemen will not violate their Obligations to us, or be so regardless of the Interest of this Community, as to Inoculated a single Person in the Town after this Time.

The Public are informed that one of the Persons mentioned in the last Advertisements as having the Small Pox is now well, the other three are almost recovered, no one has been taken down with it since, and the two Persons who have the Distemper at the Hospi-tal are in a fair way of doing well; Guards are set and Flags bung out at the places infected, for the information and security of those who are dayly coming into Town. Care has been taken that the Houses Beds Clothing &c. of those who have had this Ill-ness should be sufficiently smoked and cleansed, and the Dirt and filth of the Streets removed to places of safety — It is hoped, that not only a fear of incurring the severe [27.] Penalties of the Law, but a tender regard to the Lives and safety of our return-ing Friends, will prevent any one from mixing himself with the Inhabitants untill he is satisfied, that he is entirely clear of the Infection.

A Letter you this Day wrote M^r. Otis has been shown us, the account it contains of the state of your Vessell relating the Small Pox, does not altogether correspond with the Account we have from M^r. Hartley, we therefore require you to send us up immediately such a one as when you are called upon you will swear to, that you be very particular as to the Time when you left your Port, at what Time the Small Pox first appeared on board your Vessell, when each Person that has had it were taken down; how many have died, and when they died, whether the others are well, or in what situation they are in, what has been done as to cleansing and smoking your Vessell and Goods. — Whether you have now on board other Passengers or others that are liable to the Small Pox. In the mean Time we would

inform you that your Vessell must not leave the Island untill she and her Cargo &c. are sufficiently aired, and M^r. Hartley can Certify as that they are so; in order to effect this we have ordered m^r. Mess^{rs}. Henshaw and Austin two of the Selectmen went this Morning to Mr. Johonnetts House in order to remove his Wife to Mr. Chapmans at the Bottom of the Common agreeable to the Promise made on the Yesterday, when Mr. Johonnett acquainted the Selectmen that he received the last Night a Letter from Mr. Sheriff Greenleaf, intimating, if not threatening an opposition to her being removed to Mr. Chapmans by stopping the Chaise &c. which hints had [39.] Made such impressious on Mr. Johonnetts Mind, that a removal under these Circumstances must be attended with the risque of her Life. Great pains were taken by Mr. Johonnett, the Selectmen and others to compose and satisfie the Lady that her re-

moval would be attended with no danger — but their endeavors proved ineffectual.

The following is a true Copy of the Letter wrote M^r. Johonnnett by the Sheriff, which was referred to above.

Monday Evening

M^r. Peter Johonnnett

Sir

After parting with you I met the Selectmen, but fear that my expostulations, with them have not been sufficient to convince them of the great injustice which will be done to a number of the Inhabitants living near the Common by suffering M^r. Johonnnett to be brought there — I have seen many of the Neighbors and they are extremely uneasy; and we are all of Opinion that you have no power to remove an Infected Person from one Neighbourhood to another, nor do I imagine that while there is a public Hospital in the Town (every way convenient for the reception of the Sick) that the Selectmen have any power to remove the Infected Person to any other place. I am as much concerned both for you and the Public as they can be, but as there is two other Passages into Town than that by your House I see no necessity for any removal at all [40.] But if there be any it ought certainly to be to the proper Hospital — If the other should be attempted, and an opposition should be raised so as to stop the Chair in its passage, you cannot blame those who are deeply interested — I should be excessive sorry to have M^r. Johonnnett frightened, but as I find the People bordering on the Common so uneasy, I wont answer for the consequence, and therefore give you this friendly notice — I am Sir,

Your most obed^t. serv^t.

S. GREENLEAFF

The following is a true Copy of M^r. Willistons Deposition respecting Sheriff Greenleaff

Boston August 1, 1764

Thomas Williston of lawful Age testifies and declares that he was attending upon the Selectmen at their Chamber on Monday Evening last, that the same Evening he saw M^r. Sheriff Greenleaff at one of the Doors of the Market, when he said to him, M^r. Williston if you should be at the moving the Woman (meaning as he supposed M^r. Johonnnett) and should meet with any interruption, take no notice of it, upon which the Deponent said I do not know whether I shall move her.

THOMAS WILLISTON

Suffolk ss. Boston August 1, 1764 — Then the above named Thomas Williston personally appeared and made [41.] Solemn Oath to the truth of the above written as subscribed by him — before me.

BELCHER NOYES Justice Pacis

In consequence of the above mentioned conduct of Sheriff Greenleaff respecting M^r. Johonnnett the Selectmen presented the following Memorial to the Governor and Council

To His Excellency Francis Bernard Esq. Captain General and

Governor in Chief in and over His Majestys Province of the Massachusetts Bay and the Hon^{ble}. His Majestys Council.

The Memorial of Joshua Henshaw, Joseph Jackson, John Scollay, Benjamin Austin, Samuel Sewall, Nathaniel Thwing, and John Ruddock, Selectmen of the Town of Boston.

Humbly Sheweth

Your Memorialists in the Capacity afores^d. have exerted themselves to remove the remainder of the Infection with which this Town has been visited, that our own Inhabitants who moved from it might return in safety, and our Neighbours from the Country round us come freely in to trade with us ; We have so far succeeded that we encouraged our selves and the Public to think the danger in a good measure over ; But it is so ordered in Providence that M^{rs} Johonnott the wife of M^r. [42.] Peter Johonnott living in Orange. Street one of the main Streets leading into y^e. Town, was two Days since found to have the Small Pox — Your Memorialists considered that should the infected Person continue in a place so public & a Neighbourhood where it is said fifty Persons are near who have not had the Distemper, it might be the means of continuing the Infection much longer in the Town ; entirely stop the intercourse again between Town and Country, or at least alarm all around us so much as would be of bad consequence to the Community : We therefore determined to move the said M^{rs}. Johonnott, and both she herself and her Husband agreeing, that she should be removed to M^r. Chapmans at the bottom of the Common, which has been many Times used for an Hospital the removal which would have been effected Yesterday, had it not been for the interposition of M^r. Sheriff Greenleaff in a manner which the Letter and Affidavit accompanying this will discover to your Excellency and Honors.

Your Memorialists beg leave to complain to your Excellency and Honors of this extraordinary Conduct in a Public Officer, which has prevented the design'd removal, continues the Infection in a situation which threatens this Town with a continuance of our Calamity and Distress and not only encourages Persons to Counteract and [43.] Frustrate our faithful Endeavors for the Interest of this Town, but tends to countenance an opposition to lawful Authority where its Exertions are imagined to interfere with private Convenience.

We humbly submit the matter to your Excellency and Honors wise Consideration, and shall as in Duty bound ever pray &c.

The following is what passed at Council when the above Memorial was taken under Consideration

At a Council held at the Council Chamber in Boston upon Wednesday the 1st. of August — 1764.

Present

His Excellency Francis Bernard Esq. Governor &c. His Excellency and the Board took under Consideration a Complaint of the Select men of y^e Town of Boston that they had been defeated in their Intentions of removing M^r. Johonnott lately taken ill of the Small Pox to a separate House, by [44.] the interposition of Stephen Greenleaff Esq. to the great damage of the Town; the Selectmen and the said M^r. Greenleaff being personally present, and heard upon the subject matter of the said Complaint. It appears that the Selectmen were acting in the due execution of the Law, in their attempt to remove M^r. Johonnott, and that it was the Duty of his Majestys Subjects to assist and encourage them therein, but the said M^r. Greenleaff declaring before his Excellency and the Board that he was ignorant of the Law empowering the Selectmen to remove Persons to any other place than the established Hospital, and that if he had known the power of the Select men, or they had declared to him they had such power he would not have used any Measures to discourage the Person to be removed from consenting thereto. It further appearing that the said M^r. Greenleaff apprehended his own Family exposed by the intended removal.

Advised That His Excellency accept the excuse and Acknowledgment of the said M^r. Greenleaff.

[72.] Complaint having been made to the Selectmen by the Town Tanners, that the Butchers who hold Stalls in the Market, do not bring their Hides to Town for Sale, notwithstanding their Obligation so to do, but instead thereof dispose of them to the Country Tanners, whereby ours are disabled from carrying on their business; which is a general disadvantage to the Town, the Butchers were sent for. Upon discoursing with them they pretended, the Reason they did not bring the Hides, was, that the Country Tanners allow them a Premium for each Hide over and above the Two Pence p. Pound, which the Town Tanners refuse to give them — But the Selectmen having heard what the Parties had to offer are of opinion that little doubt can be made of the intentions of the Butchers, and that the only way to prevent them from evading the Terms of their Leases for the future, is for the Selectmen to set the price of Hides from Time to Time, making a reasonable allowance for carting the same to Market.

It is accordingly Voted, That the Tanners shall give the Butchers two Pence p. Pound for Green Hides, and one Shilling p. Hide for Carting to the Market untill further Orders. also —

Voted, That the Tanners shall give the Butchers two Pence p. Pound for Green Hides, and one Shilling p. Hide for Carting to the Market untill further Orders — also — Voted, That such Butcher or Butchers as shall neglect bringing their Hides, to this Market, on the above terms, shall not be permitted to hold their Stalls any longer — It was further Voted, That M^r. Adams the Clerk of the Market, be directed to take an Account of the Beef each Butcher [73.] Holding a Stall in the Market brings in; and also to note whether they bring in Hides equivalent thereto; also on Account of the Hydes purchased by the Tanners from Day to Day, and of whom they are bought — and that he Reports to the Selectmen immediately those Persons who do not comply with the above Terms.

Sir

Inclosed you have a Bill for Two Pounds five Shillings Sterling drawn by John Asply on his Uncle M^r. John Walker at Depsford Great Britain [84.] In favor of your self, and is for Moneys advanced for him by the Province — We shall esteem your care in procuring payment for the same.

M^r. John Hancock attended, the Selectmen and acquainted them, that he had received a Letter from James Scott Master of the Briggandine Lydia from London, advising that he was just arrived at Rainsfords Island in thirty seven Days from the Isle of Wight, and that he has buried while on his passage three Men with the Small Pox, the last about seven Days ago — that there is one on board recovered, from the Illness, and another still sick, but growing well fast — where upon the following Letter was sent M^r. Hartley.

Boston, Novem^r. 20th 1764

M^r. Thomas Hartley

We are surprised to hear you have been up to Town this Forenoon with two Gentlemen Passengers from Cap^t. Scott who has the Small Pox on board, this conduct appears very unaccountable to us, and the more so as you are gone down without seeing us.

Our directions are that you immediately let Cap^t. Scott know that no Person whatsoever is to be suffered to come from or enter into his Vessell without our Orders [85.] As he would avoid the penalty of the Law. Having done this you are to come up, and

bring an account of the state of the Vessell, and what Goods are between Decks, being particular as to the sorts — Mr. Green the Kings Boatman has our directions to receive all the Letters, they being first well smoked by you.

By Order of the Selectmen

WILLIAM COOPER Town Clerk

Mr. Williams one of Cap^t. Scotts Passengers who left the Ship and was brought up to Town by Mr. Hartley without liberty, was sent for, when he engaged to the Selectmen that he would keep House untill he should receive their further directions.

Whereas David Wheeler, Master of Engine N^o. 8 has by his Conduct relating to William Wheeler one of the said Engine Company, treated the Selectmen with disrespect, in that when they had ordered the said William to be dismiss'd from that Company and turned over to the Militia for his great misconduct in Maltreating the Officers of the Militia in the Common, he the said David presumed to receive the said William again without obtaining leave from the Selectmen therefor — as also by refusing to appear at the Selectmens Chamber, when required so to do — The Select men do for this contemptuous behavior dismiss [86.] The said Wheeler from the Charge of said Engine, and Mr. Wiliston is directed to call upon Mr. Wheeler for his Orders.

Mr. Wheeler having returned to the Selectmen his Orders as Master of Engine N^o. 8 — Mr. Obediah Curtis was appointed to said trust, and the Town Clerk is directed to make out his Orders accordingly.

[87.]

Boston November 21, 1764

Mr. Thomas Hartley

Our further Orders to you are that you do not allow any one Person to leave Cap^t. Scotts Vessell without leave from us, and as Mr. Hancock has directed you to take out the Goods between Decks, you have our liberty to receive the same on shore in order to their being well smoked and cleansed, but you must not permit any one thing to be taken off again without our special directions —

Boston April 24^l. 1765.

Gentlemen,

The Court of General Sessions of the Peace for this County having directed a new Gallows to be Erected, and the place where the Old one stands being extremely inconveinent on many Accounts — I have fixed on a rising spot of Ground on the left side of the Road going over the Neck a little beyond the Small Clay Pond and near a Gate which leads into the Land formerly Leased to Coll^o. Hill; the Gallows to be placed about forty or fifty feet within the Fence; I am informed that the Land on the opposite side is already leased, also the Land adjoining to the Wind Mill, and as the Beach on either side is very unfit for that purpose I can't think of a more suitable place than the spot before mentioned, but as the Court desired me to inform the Selectmen of the Town of their directions before the Gallows should be put up, I accordingly now give you this notice, that if you [68.] Have any Objection to that spot and can point out a better, you'l please to let me know it as soon as possible — A Criminal now waiting for the Execution of his Sentence, and the Sessions being Adjourned to Tuesday next to determine on this affair.

By Order of the Selectmen

WILLIAM COOPER Town Clerk

The Hon^{ble} Thomas Flucker Esq. chosen a Selectman at the late Town Meeting, and sworn as the Law directs; attended the service on Wednesday last at the Selectmens Chamber, when he acquainted the Selectmen that it had been observed to him by several of his Majestys Council with whom his Excellency agreed in Sentiment; that it would be somewhat derogatory to the dignity of the Board, for one of its members to accept the Office of a Selectman unless he was complimented with the [88.] Chair, and took the Precedency by virtue of his Station as one of His majestys Council. At the same Time declaring that he never thought of this difficulty, and accepted of the Choice with the intention to take the lowest Seat at the Selectmens Board — and therefore desiring they would take the matter into Consideration —

The Select men having Considered on what was offered by Mr. Flucker, are of Opinion that they could not with any propriety, or consistent with the honor of the Town or their own Credit consent to give Mr. Flucker the proposed Precedency — it being not only contrary to a precedent among the Selectmen, and others in the Courts of Justice, but to the Practise of the Overseers, an inferior Order to the Selectmen, among whom a number of Counsellors formerly, and one at this Time, have taken their Seats according to the Seniority of their Election —

Mr. Flucker was this Day acquainted with the determination of the Selectmen; when he reply'd — that he declined serving in that Office though with regret, and desired that the Town might be notified thereof, that another might be chosen in his room.

We suspended the Matter for a time for consideration, and are at last come to a determination that, as they offer to board the said two Women for One shilling & four pence p. Week during Life and acquit the Town of further charge it will be for the interest of the Town to comply with their proposal rather than to contend in the Law about it.

This comes to recommend the completion of this agreement to you Gentlemen, whose province it is to take care of & supply the poor of this Town And we do it the rather as it has been conducted so far with the Advice & Concurrence of some of your Board We are, with esteem, Gentlemen

Your most obedient

That the Water Course passing through the Land which he lately purchased of M^r. Thomas Jackson, greatly incommodes his Family and is now undermining the foundation of his House for which reason he learns that the Selectmen intended to pave the Ground, but your Petitioner is of opinion that it would be of more general benefit if a Drain was sunk & the waste Water was conveyed under Ground; which he is ready to engage to do, as is M^r. Thomas Ivers, that he will maintain the said Drain for ever provided you will be so good as to make them an allowance of what sum you apprehend the charge of the pavement you have proposed will amount to. He therefore humbly prays such an allowance from your Honors on condition that himself & M^r. Ivers performs what is above proposed, & as in duty bound shall pray &c.
